Testimonials

This story might sound unbelievable, but it's true. A lot of native speakers are surprised I've been living in the US for only three years! FLS is what began it all. I feel so fortunate to have been here. Teachers have amazed and inspired me daily. Then, they helped me to grow! Look! I'm ready to fly now! They are really welcoming, friendly, and helpful. That's why I still visit my teachers even though I graduated from FLS three years ago! I'm thankful for all the FLS teachers and friends I met here. They changed my thought and gave me motivation to live in California. What can I do for FLS now? I can only say thank you!

—Mario, Past FLS Student (Japan)

I have had a great time here and had lots of new and wonderful experiences with FLS. FLS students take all of their classes with qualified professional teachers who have Master's and PhD degrees. But even though I came here to learn English, if I took only classes in a classroom, I would get bored and lose interest. Fortunately FLS always prepares various activities for their students. The most impressive one that I have done recently is a field trip to test a new app. We went to a software company together and tested their new app and gave them our feedback. It was a great experience, because I could visit their office and get to know how they worked and developed their software. FLS always makes their students get interested and experience new things. Wonderful!

I have been in many schools but at FLS International administration staff really cares if students do well and go to school. In other schools, they don't care if you come or not. I also like the fact that everything is well organized. On one hand, education is demanding and on a high level on the other, you can ask for non-standard things and they will be done. This is also the first time I have attended activities in any school and it was great to see that they actually care if we are having a good time...My progress is visible. I want to say something about homestay. The prices are affordable and they really listen to what you need. So you can live almost any way you like.

—Abdalla, FLS Student (Saudi Arabia)

Southern California is an amazing mix of diverse cultures that gives students an unforgettable exposure to many aspects of America. At FLS you will be part of a supportive community that will help you to be a better English speaker, grow as a person, and make progress toward your life goals.

Exclusive Features

FLS is truly like no other language school, with unsurpassed customer service and an outstanding curriculum. Check out some of our unique features!

CUSTOM TEXTBOOKS

Many levels use Patterns, our own custom-made textbooks, developed specifically with FLS students in mind. These texts use a modular format that allows students to master new English concepts, vocabulary terms and grammar skills each week. Throughout the texts, students meet characters who encounter different aspects of American culture brought to life through audio and video elements.

A new unit is covered each week, including many chances for student interaction and concluding with a project in which students prepare and present material to the class.

This contemporary, interactive series helps students take their English to impressive new levels!

ENGLISH EVERYWHERE

English Everywhere centers on the **Hot Sheet**, a quick reference for all the key language points for that week.

Each Hot Sheet focuses on a different theme, with conversation starters, songs and movies that explore the theme in greater detail. Students are encouraged to keep their Hot Sheets with them and refer to them throughout the week.

With FLS International, you really can learn English Everywhere!

Students can download and share Hot Sheets at www.fls.net.

CONCIERGE SERVICE

Our staff truly goes the extra mile to ensure that each student has the best possible experience. School personnel are well-versed in helping students adjust to life in the United States, whether it's opening a bank account, finding a great restaurant or getting a driver's license.

Because FLS operates all of our own school services, we're able to take quick, responsive action to student requests. If a student has concerns about housing, an activity, or any school-related issue, we have personnel available around the clock, ready to quickly and effectively address the matter.

Selective colleges and universities are searching for well-rounded candidates when making admission decisions. Having experience in community assistance programs is an excellent way to round out a student's background and show their diverse interests. Not only that, but volunteering often provides memorable experiences that can last a lifetime.

FLS has carefully selected the perfect volunteer opportunities for international students. Participants in the program will gain practice in speaking English and valuable insights into American culture in a structured environment.

Each FLS center offers unique volunteer opportunities based on the specific requirements of their community. We work with organizations from food banks and women's shelters to schools and convalescent homes, offering a wide range of experiences.

Best of all, students enrolled in FLS classes can participate in these opportunities at no additional charge!

Students will then be enrolled in a semester-long class, studying side-by-side with American students. Students will not only be able to earn college credit, but gain the invaluable experience of taking a complete college course at an American institution.

Students may participate at several host campuses and partner institutions, including Citrus College, Cambridge College and UCLA Extension.

- Students must have the English proficiency level required by their chosen campus
- Students must enroll at the beginning of the semester and complete the course to earn credit

Accommodation Options:

HOMESTAY:

Staying with an American host family is one of the best ways for students to improve their English quickly and effectively. Living with a host family allows students to experience the American lifestyle at a personal level. Students participate in family activities, practice their English with family members and build long-lasting connections and relationships.

Welcoming homestays are available at all FLS campuses. Each home is located within easy travel distance of the campus and provides a comfortable and friendly environment. For most students,

FLS recommends our twin room homestay option: Two students with different native languages share a bedroom, providing additional opportunities for English practice. A single room option is also available.

Access to laundry facilities in the home

A place to study

Wi-Fi Internet

Universal Placement Program

Universal Placement Program (UPP) is the placement division of FLS International. Our mission is to help you get into the best schools in the USA. For over 30 years we have helped thousands of students to gain admission to high schools, community colleges, top ranked universities, graduate programs, and specialty schools. Our simple and fast service ensures you access to achieve your educational dreams!

Our placement and support packages include school and student matching, scholarship searches, application preparation, and essay review. Our ASY is an all-inclusive package, so you don't need to worry about your tuition or living expenses. With our exclusive UP-50 and UP-100 packages, we can provide tutoring and academic monitor services to guarantee you admission to the top schools in the US.

I'm looking for a high school.

UPP partners with over 40 top high schools for grades 9-12 with both boarding and homestay options.

I want to go to a good university but my English (or GPA) is not great.

UPP has over 100 pathway partners including over 80 that accept FLS level completion instead of the TOEFL or IELTS exam. You can study English at FLS or one of our on-campus ESL partners. Even if your grades are poor, we can get you conditional offers to universities before you leave your home country. Our UP-50 and UP-100 programs provide tutoring and academic support to guarantee your placement to a top university.

My English and GPA are fine. I want a top-ranked school!

UPP has many top-ranked universities and programs. If you already have a good TOEFL or IELTS score and a strong GPA, we can help with direct admission into a great program.

I'm interested in graduate programs.

We have a wide variety of graduate schools offering the most popular majors such as MBA, Computer Science, Engineering, Big Data, and Health Sciences. Additionally, nearly all of our programs offer opportunities for CPT, OPT, and internships with American companies.

I'm looking for a special program.

UPP partners with a number of "Specialty Schools" offering diverse programs including Acting, Culinary Arts, Fashion Design, Creative Design, Music Performance, Flight Training, and even Professional Golf!

Do you offer scholarships?

We certainly do! Many of the UPP schools have a variety of scholarship options for international students. Requirements are usually based on GPA, English ability, nationality, and essay submission. Add a scholarship search to your placement package and let us find the best scholarship options for you!

I need help with housing.

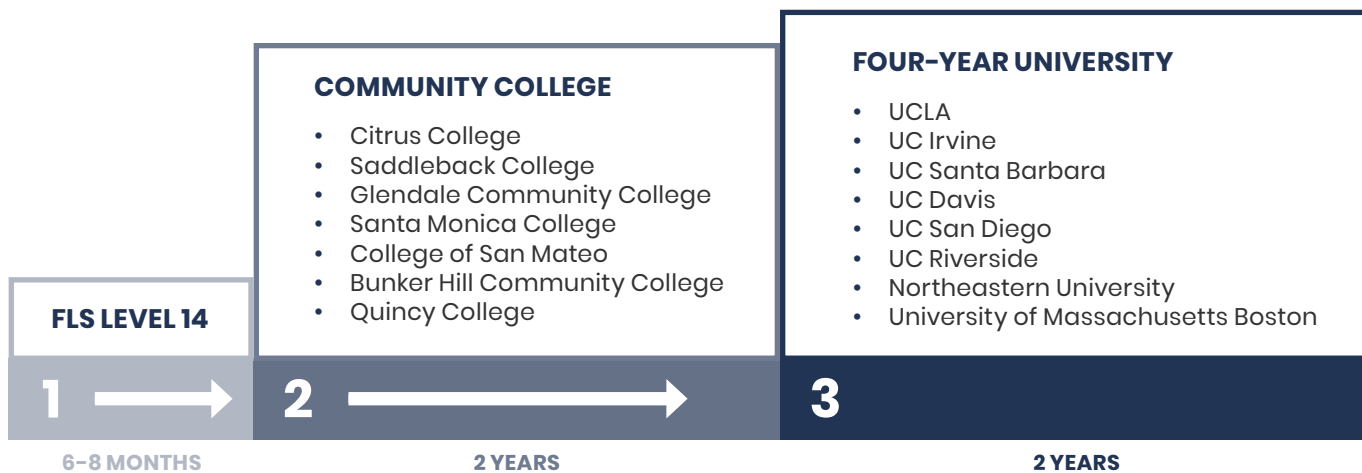

At many of our UPP schools, we offer the Academic School Year (ASY) program, which allows students to reside in single room accommodation during their academic term. ASY also includes tuition pre-payment, 24/7 emergency support, and airport transfer service upon arrival. ASY lets you leave the details to us while you concentrate on your studies.

Pathways at FLS

There are many different pathways to take to earn an American university degree. FLS International works with each student to find the best path based on the student's background, interests and goals.

SAMPLE PATHWAYS-CLASSIC PLAN

Three Step Options

Students begin their educational journey at an **FLS center** where students will improve their English proficiency and gain the skills needed to succeed in the American academic system. Students who complete Level 14 may then transfer to a community college and complete an Associates' Degree. Afterwards, students can transfer to a four-year university to complete a Bachelor's Degree.

Two Step Options

Students with strong academic skills may choose to complete a more advanced FLS level (15-18, depending upon school) and transfer directly to a 4-year college or university. Our partner institutions work closely with FLS to ensure that students have a seamless transfer.

ASY-Academic School Year

Our Academic School Year (ASY) program is a safe and simple way to ensure your student has the best start and support to their academic program. Offered only at select UPP partner schools, the ASY program is an exclusive service through UPP. Students can concentrate on their studies while UPP handles the details of their tuition and housing.

The ASY services begin before the students leave their home countries, with housing arranged in a local, carefully screened American family located near the university. Students are met by a UPP representative at their arrival airport, and taken to their new home, with all check-in details completed in advance. Students arrive at their selected school with full-time tuition and mandatory fees pre-paid. All they need to do is select their courses and begin their academic adventure! Finally, UPP staff is standing by 24/7 on a dedicated emergency support line if the student has any difficulties.

THE ASY PROGRAM INCLUDES:

- Full tuition and mandatory fees
- Single room homestay in a carefully selected local American family
- Half-board
- Airport Transfer upon arrival
- 24/7 dedicated support line

UP-50 / UP-100

Guaranteed Acceptance to Top Universities. Take your studies to a higher level, with the UP University Placement Service!

For students looking to study in America's top universities, there can be confusion about prerequisites, required test scores, and deadlines. Admission to top universities requires students to maintain a high GPA, carefully prepare their applications, and meet critical deadlines. UPP, with our vast network of partner schools, provides clarity and eliminates the uncertainties while helping students maintain the GPA they need to ensure acceptance to America's top schools. Through the UP-50 and UP-100 program we can guarantee admission to a top-50 or top-100 ranked university*.

HOW IT WORKS

The Pathway begins by studying for two years in a California Community College. After two years students then transfer to a Top 50 or Top 100 University. Our specialized university advisors work with students to select and apply to the students' dream schools. Students with a GPA of 3.25 and higher are guaranteed admission to a top 50 university and students with a GPA below 3.25 are guaranteed admission to a top 100 University. Your final diploma will be from a top-ranked US university!

THE UPP ADVANTAGE

STUDENT TESTIMONIALS

I never thought I would be able to study in the US, let alone at a top university! Thanks to the UPP advising team, I was able to quickly choose the best schools for me to apply to, gather all the required documents, and get accepted really fast. When I heard that I had been accepted by Purdue University, I could not believe it! Besides all the counseling I got from the academic team, I also was given information on scholarship searches and practical knowledge about moving to the US for school. I'm so excited to start my university classes this Fall.

—Chawin (Thailand)

Using UPP, I got a lot of helpful information about colleges in the US from the UPP team. UPP understood my English level very well, so they recommended the most suitable college based on what I wanted to study and my future pathway. Moreover, they helped my admission procedure, and I was able to enroll in the college for the semester I wanted. I may not have been able to do it so smoothly only by myself. I'm so grateful for their support. I was able to start at Bunker Hill Community College, and next year I will transfer to University of Massachusetts, Boston.
